2026-2027 Fall Semester

CTIS259 Database Management Systems and Applications

Lab Guide 13

Instructor : Nimet Ceren SERİM
Assistant : Hatice Zehra YILMAZ

Week: 8
Date: 05.11.2026

Aim of this lab session: 1. Practicing on SQL Queries (LibraryDB).

ORACLE Server Configurations:

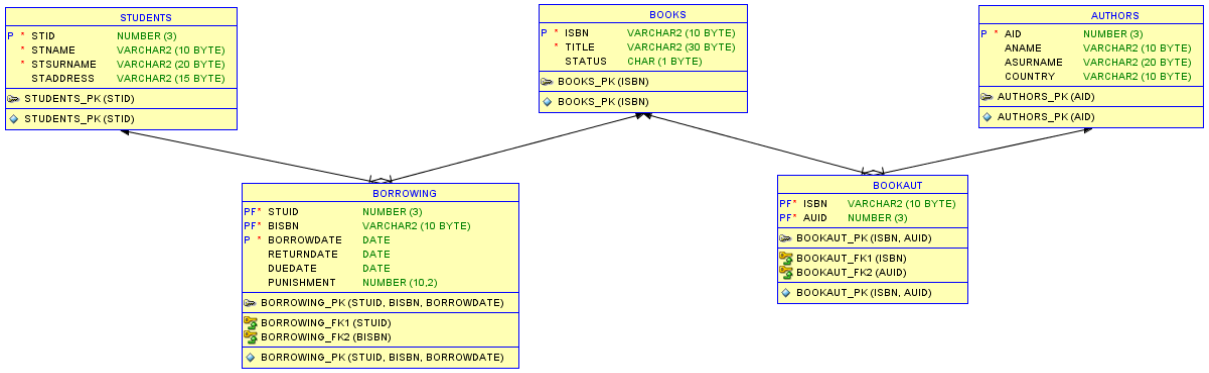

IP Address: 139.179.33.231

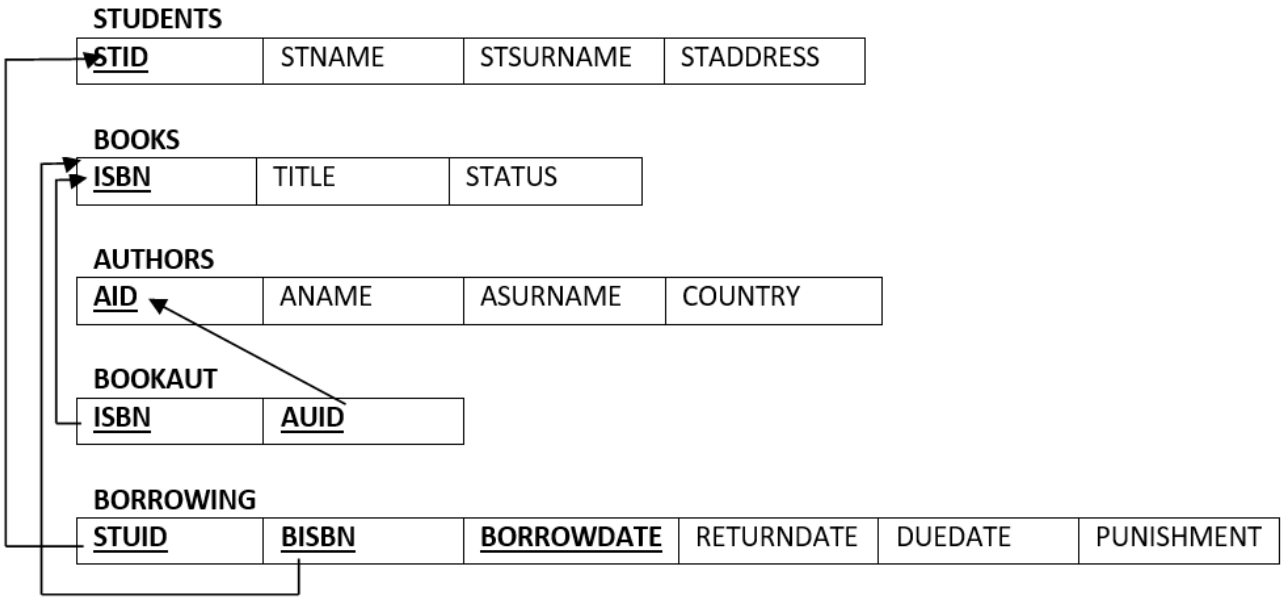

Port number: 1522

SID: orclctis

Please USE stu (fStudentId) accounts!

Download the **LibraryDB.zip**, run the given scripts to create the database and insert the data into the tables. Then solve the following queries.

Q1. List the name and surname of students living in ANKARA.

Q2. List the ISBN and title of available books, sorted by title.

Q3. List the name, surname and country of authors who are NOT from the USA.

Q4. List the name, surname and country of authors from the USA or GERMANY.

Q5. List the titles of books whose title starts with 'P'.

Q6. List the titles of books whose title contains the word 'Programming'.

Q7. List id, name and surname of authors whose ID is between 200 and 400.

Q8. List the countries of authors in alphabetical order (DO NOT display duplicates).

Q9. List the students sorted by city (staddress) in ascending order and, within the same city (staddress), by surname in descending order.

Q10. List the borrowings (student id, book isbn, borrowdate, duedate) that have not been returned yet.

Q11. List each book title together with its authors (name and surname), sorted by title.

Q12. List the titles of books written by American authors (no duplicates).

Q13. List the students who borrowed the book 'ASP' (no duplicates).

Q14. List the student names, book titles, and borrow dates of books that have not been returned yet.

Q15. List the authors of the book 'Object Oriented Programming'.

Q16. List student names, book titles, and borrow dates, ordered from newest to oldest.

Q17. Display the name, address, and title of the borrowed book for every student whose address is Ankara or Istanbul and who currently has an unreturned book.

Q18. List the titles of books written by Robert Sedgewick.

Q19. List each unique pair of students who live in the same city. Do not include a student paired with themselves or duplicate pairs.

Q20. List the ISBNs of books that have never been borrowed.

Q21. List the books (isbn, title) that have never been borrowed.

Q22. List ALL students with the titles of the books they borrowed (students who have not borrowed any books must also appear).

Q24. For every borrowing, list the student ID and book ISBN, and show whether the book has been ‘Returned’ or ‘Not returned’. Label the result column as borrowing_state.

Q25. Display the student ID, ISBN, and return date in DD/MM/YYYY format. If the book has not been returned, display 'Not returned' instead.

Q26. List the borrowings made in November 2024.

Q27. List the borrowings made after 1 October 2024, ordered by borrow date.

Q28. List late returns with student name, title and number of late days, most late first.

Q29. List the borrowings that were returned on time (return date on or before the due date), and show how many days early each book was returned.

Q30. List the students who live in ISTANBUL OR who currently hold an unreturned book.

Q31. List the IDs of students who borrowed BOTH 'Object Oriented Programming' (4-580-20-5) and 'Algorithm' (6-201-50-9).

Q32. List the IDs of authors who have written at least one book but do not have any available books.

Q33. List the IDs of students who borrowed a book in October 2024 AND returned a book late.

Q34. Display the titles of books borrowed by students who live in ANKARA.

Q35. Display the titles of books borrowed by the student named ALI OKUR.

Q36. Display the names and surnames of authors who have written available books.

Q37. Display the titles of books borrowed after the borrowing date of the book with ISBN '0-501-70-6'.

Q38. Display the names and surnames of students who borrowed at least one book written by a GERMAN author.

Q39. Display the students who borrowed books before the date student 222 borrowed 'ASP'.

Q40. Display the students (name and surname) who have never borrowed any book.

Q41. Display the students (name and surname) who returned at least one book late.

Q42. List the borrowings (student ID, ISBN, and borrow date) made after ALL borrowings of student 111.

Q43. Display the titles of the books that have at least two authors.

Q44. Display the authors who are from the same country as RICK DECKER (exclude Rick himself).
